Section 1 - Introduction

This booklet provides a list of Advantage U's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Advantage U's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Advantage U only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of December 01, 2022. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

Advantage U Pharmacy Network

The pharmacies in this directory are divided into four groups: Retail Pharmacies, Mail Order, Home Infusion and Long-Term Care. The pharmacies in each group are listed by county and then by city. Pharmacies that provide an extended day supply of medications are identified with an asterisk * symbol.

Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 14 before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact the mail order pharmacy listed in the directory.

Typically, you should expect to receive your prescription drugs within 5 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 1-833-951-4345 or, for TTY users, 711.

Home Infusion Pharmacies

Home infusion pharmacies are included within the Advantage U pharmacy network. These types of pharmacies supply medications that may need to be given by an intravenous route or other non-oral routes, such as intra-muscular injections, in your home.

Long-Term Care Pharmacies

Residents of a long-term care facility may access their prescription drugs covered under Advantage U through the facility's long-term care pharmacy or another network long-term care pharmacy.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.
