Tips for comparing your Medicare choices:

This Summary of Benefits booklet gives you a summary of what Advantage U for University of Utah Retirees (PPO) covers and what you pay.

- If you want to compare our plans with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on <http://www.medicare.gov>.
- If you want to know more about the coverage and costs of Original Medicare, look in your current “Medicare & You” handbook. View it online at <http://www.medicare.gov> or get a copy by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

## What drugs do we cover?

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan Formulary (list of Part D prescription drugs) and any restrictions on our website, [www.AdvantageUMedicare.com/uofuretirees.php](http://www.AdvantageUMedicare.com/uofuretirees.php)
- Or, call us and we will send you a copy of the Formulary.

## How will I determine my drug costs?

Our plans group each medication into one of five “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you.

The amount you pay depends on the drug’s tier, day supply and what stage of the benefit you have reached. Later in this document, we discuss the benefit stages that occur: Initial Coverage, Coverage Gap and Catastrophic Coverage. If you have questions about the different benefit stages, please contact the Plan for more information or access the “Evidence of Coverage” on our website.

If you reside in a long-term care facility, you pay the same amount as at a retail pharmacy. You may get drugs from an out-of-network pharmacy at the same cost as an in-network pharmacy.

<b>Coverage Gap</b>	Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,430. After you enter the coverage gap, you pay 25% coinsurance for covered brand name drugs and 25% coinsurance for covered generic drugs until your out-of-pocket costs total \$7,050, which is the end of the coverage gap. Not everyone will enter the coverage gap.
<b>Catastrophic Coverage</b>	After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$7,050, you pay the greater of: <ul style="list-style-type: none"> <li>• 5% coinsurance, or</li> <li>• \$3.95 copay for generic (including brand drugs treated as generic) and a \$9.85 copay for all other drugs.</li> </ul>
<b>Senior Savings Model</b>	For Select Insulins, \$28 copay for 30 day supply is applicable in the Deductible, Initial Coverage and Coverage Gap phases of the Part D Benefit.

If you want to know more about the coverage and costs of Original Medicare, look in your current “Medicare & You” handbook.
