INDIVIDUAL & FAMILY PLANS

University of Utah Health Plans was formed in 1998 as a strategic initiative of University of Utah Health. We are committed to improving the member experience, quality of care, health of populations, and reducing the cost of care. We currently serve members in the Mountain West specializing in the health plan administration of medical, mental health, and pharmacy benefits.

STATEWIDE COVERAGE

Our plans are designed to cover essential health benefits including inpatient, outpatient, emergent, maternal, mental, behavioral, prescription drugs, lab tests, preventive, pediatric care services and much more.

MEMBER BENEFITS

Take control of your healthcare experience with our member benefits package. We can help you find the right doctor, access mental health services, find your secure medical information online, connect to an online Virtual Visit, talk with a registered nurse or take advantage of your member discounts.
