Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>\$0 at Indian Health Care Provider (IHCP) or Network Providers: \$6,900/individual or \$13,800/family</p>	<p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes, Preventive care and office visits.</p>	<p>This plan covers certain preventive services without cost sharing and before you meet your deductible. This plan covers some items and services even if you haven't met the deductible amount but a copayment or coinsurance may apply. As an example one adult annual routine eye exam is covered as preventive.</p>
<p>Are there other deductibles for specific services?</p>	<p>\$0 at IHCP or Yes prescription drug deductible combined with medical</p>	<p>You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>Network providers: \$6,900 individual or \$13,800 family</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Premiums, balance-billing charges, and health care this plan doesn't cover.</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p>
<p>Will you pay less if you use a network provider?</p>	<p>Yes. See https://uhealthplan.utah.edu/individual/providers.php or call 1-833-981-0214 for a list of network providers.</p>	<p>This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</p>

Do you need a [referral](#) to see a [specialist](#)?

No

You can see a [specialist](#) you choose without a [referral](#).
