Disclaimer:

1. Policies are subject to change in accordance with State and Federal notice requirements.
2. Policies outline coverage determinations for U of U Health Plans Commercial and Healthy U (Medicaid) plans. Refer to the "Policy" section for more information.
3. Services requiring prior-authorization may not be covered, if prior-authorization is not obtained.
4. **This Medical Policy does not guarantee coverage or payment of the service. The service must be a benefit in the member's plan and the member must be eligible for coverage at the time of service. Additional payment guidelines may be applied that are not included in this policy.**

Description:

Modifier -25 may be necessary to indicate that on the same day of a procedure or service identified by a CPT code, the same physician or other qualified healthcare professional, may perform another significant and separately identifiable Evaluation and Management (E/M) service above and beyond the original service(s) provided or beyond the usual preoperative and postoperative care associated with the procedure.

This policy only applies to E/M services billed with modifier -25 and does not alter procedural code reimbursement.

Policy Statement and Criteria

1. Commercial Plans

U of U Health Plans will recognize modifier -25 if the medical record demonstrates appropriate documentation to specifically support both the E/M and other services as separately identifiable services based on AMA CPT CCI coding guidelines.

Use of modifier 25 on an E/M service indicates that documentation is available in the patient's record to support the service being billed as a significant and separately billable service, unrelated to the procedure or original service(s) performed. This documentation should be clearly distinct from the documentation related to the other procedure or service(s) performed on the same date of service.

2. Medicaid Plans

Coverage is determined by the State of Utah Medicaid program; if Utah State Medicaid has no published coverage position and InterQual criteria are not available, the U of U Health Plans Commercial criteria will apply. For the most up-to-date Medicaid policies and coverage, please visit their website at: <https://medicaid.utah.gov/utah-medicaid-official-publications/> or the [Utah Medicaid code Look-Up tool](#)

CPT/HCPCS codes covered by Utah State Medicaid may still require further evaluation to determine medical necessity for coverage.

Applicable Coding
